INSTITUTE OF
OCCUPATIONAL
HYGIENISTS

In 2026, the AIOH community gathers under a theme forged with purpose: Iron to the Fire - Strengthening Occupational Hygiene. Iron, the 26th element, aligns with the year 2026 and offers a powerful symbol of the strength, resilience, and evolution of our profession.

Our profession has faced significant challenges - from new contaminants to shifting regulations and rapidly advancing technologies. Building on past themes of evolution, insight, and scientific storytelling, the 2026 conference invites us to explore how we continue to strengthen as a profession.

This conference will not just be a gathering of professionals but a forging ground of knowledge.
